**DETAILED ACTION**

***Allowable Subject Matter***

Prosecution on the merits of this application is reopened on claims 1, 2, 6, and 10-16 are considered unpatentable due to the newly submitted of reference JP 64-25136.

Applicant is advised that the Notice of Allowance mailed 05/07/2004 is vacated. If the issue fee has already been paid, applicant may request a refund or request that the fee be credited to a deposit account. However, applicant may wait until the application is either found allowable or held abandoned. If allowed, upon receipt of a new Notice of Allowance, applicant may request that the previously submitted issue fee be applied. If abandoned, applicant may request refund or credit to a specified Deposit Account.

***Election/Restrictions***

Claims 5, 7-9 (were previously allowed due to the allowance of the generic claim 2 that is now being rejected) are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 10/06/2003.

***Claim Rejections - 35 USC § 102***

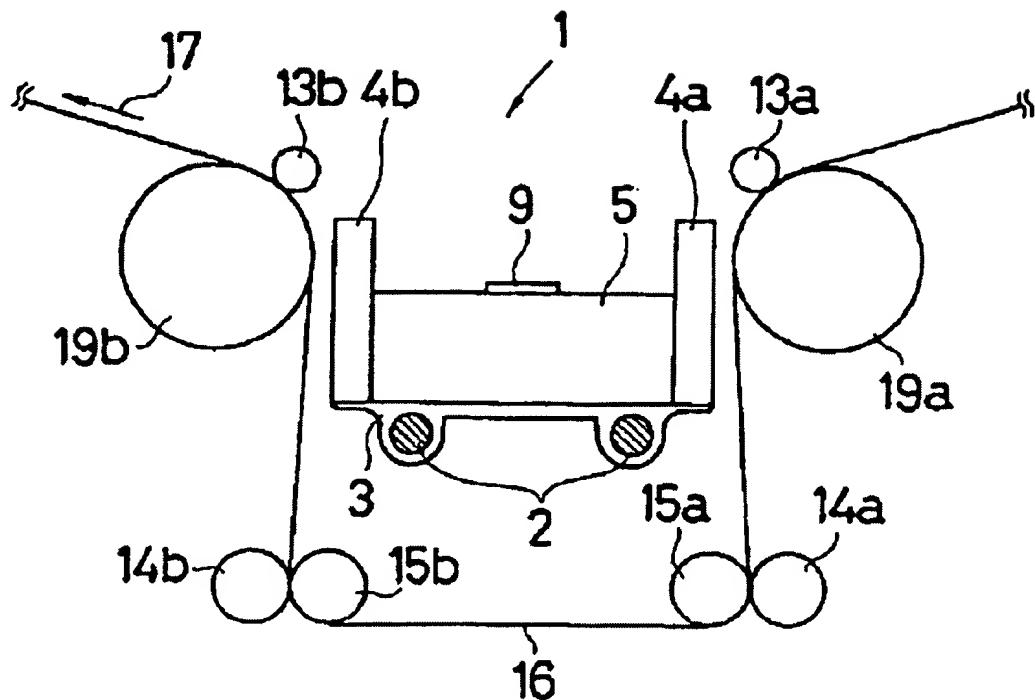

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 2, 6, and 10-16 are rejected under 35 U.S.C. 102(b) as being anticipated by JP 64-25136).

JP 64-25136 discloses all the features of the claims as clearly illustrated and noted below.

第 3 図

- One recording paper [16]
- A supporting axis [parallel with 2];
- An ink carriage [3];
- Ink heads [4a, 4b];
- The structural inter-relationship (as recited in the claims) of the aforementioned elements is clearly illustrated at least by Figure 3 above.

Claims 3 and 4 are allowed.

Claims 17-20 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Applicant's submission of an information disclosure statement under 37 CFR 1.97(c) with the fee set forth in 37 CFR 1.17(p) on 05/21/2004 prompted the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 609(B)(2)(i). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
